**Nova Scotia** is developing a world-class energy sector.

Offshore oil and gas, a growing renewable energy industry, excellent professional and technical education and training programs – they all come together here in Nova Scotia, leading to great prospects for rewarding, well-paid careers.

The Pengrowth-Nova Scotia Energy Scholarship Program can help you achieve success when you choose to develop the knowledge and skills needed to work or conduct research in this exciting field. The program offers non-renewable \$2,500 scholarships for first-year students accepted to eligible energy-related trades and technology programs at the Nova Scotia Community College (NSCC).

Pengrowth-Nova Scotia Energy Scholars are well-rounded individuals with a variety of interests who have an established track record of community involvement through activities like volunteer work, sports and other community-based activities.

## Eligibility Requirements:

- Must be accepted into the Nova Scotia Community College (NSCC) for full-time studies in an eligible trade or technology program. A full list of eligible programs is provided on the last page of this application package.
- Must have graduated with a Nova Scotia high school diploma and must be entering the first year of NSCC
- Must be a Canadian citizen or landed immigrant and a permanent resident of Nova Scotia
- Must be prepared to demonstrate an interest in an energy-related career through an essay included in the application

Mature students pursuing their first year at NSCC and entering into a designated energy-related program may apply for this scholarship.

\*Supporting letters from immediate family will not be accepted.

“Immediate family” is defined as a parent, sister, brother, grandparent, aunt, uncle, niece, nephew, child, stepchild, grandchild, ward, spouse or common-law spouse.

The Pengrowth-Nova Scotia Energy Scholarship Program is not open to “immediate family” members of Nova Scotia Department of Energy employees.
